WHO ATTENDS

Women at the executive, director, or senior manager level with strategic performance responsibilities who seek to understand global context and to expand their capacity as leaders and managers.

ABOUT THE PROGRAM

Although studies prove that companies with more women in senior leadership roles are stronger competitors in the global economy, less than 4% of board chairs in Brazil belong to women. Businesses worldwide recognize that they must leverage the talent of women, but there is still a large gender-gap in executive suites across Latin America.

Designed in collaboration with Fundação Dom Cabral (FDC), the FDC-Smith Women’s Global Leaders Program combines Smith’s signature all-women learning environment and FDC’s expertise in global executive development.

The program includes sessions on leadership, strategy, and coaching. In-depth discussion and exploration of the unique challenges facing women leaders in Brazil and Latin America provides participants with a road map for career advancement.

We are proud to partner with Fundação Dom Cabral (FDC), ranked Latin America’s best business school 12 years in a row.

LEADERSHIP IMPACT

Women who attend this program return to their companies poised to drive business and inspired to promote social good within themselves and at the organizational and societal levels.

- Develop confidence to challenge personal, professional, and cultural barriers to advancement
- Apply self-knowledge to lead with vision and inspire followers for organizational success
- Build strategic adaptability into decision-making to manage uncertainty and risk

“The program opened my eyes to my potential as a leader and gave me tools I can apply immediately back at the job. I’m excited to return to my company and make a difference!”

- Operational Director, Energy
